

I am commenting in concern of my local radio station, KLOVE. This radio station brings a unique type of music to this area without commercials and no talk programs. Just 24 hour christian music. It is the only station in this area with this type of format and I would hate to lose it. The community has enough radio stations that play country and different types of rock. Our area would be less if this station were lost. Klove provides a special service to this area 24 hours a day of positive and encouraging music. That is not just a slogan it's real. Please do not allow a LPFM to take over this FM translator service. Thanks for your time.
